"SciVal for Researchers"

Dr. Luigi Russo, PhD

Research Intelligence – Elsevier

Introduction

Prof. Luigi Russo
 Scientific Committee @ DiSTABiF

Discussion

Conclusion

Prof. Luigi Russo
Prof. Nicoletta Potenza
Prof. Alessandro Usiello
 Scientific Committee @ DiSTABiF

Topics

The workshop will cover the following subjects:

- Introduction to research evaluation metrics (for bibliometrics and non-bibliometrics sectors)
- SciVal at a glance
- Benchmarking and ranking with SciVal
- Identifying research strengths (Topics, Topic clusters, Research areas)
- Identifying the contribution to key research areas (e.g. sustainability)
- Advanced impact analysis
- Exploring existing and potential collaborations
- Analysing sources
- Using SciVal to carry out state of the art analysis and academic research

Outcome:

At the end of the webinar, the attendees will have gained a general overview of SciVal and its functionality for various use cases
