

Master Course in Molecular Biotechnology (LM9) a.y. 2020-2021

Exam Timetable of the April Session

First Year

Courses	8th-14th April 2021
Scientific English <i>(G. Caraglia)</i>	8 11
Cellular and Clinical Biochemistry <i>(P. Pedone - A. Usiello)</i>	14 12.00
Industrial Biochemistry and Biotechnological Processes <i>(C. Schiraldi - L. Zaccariello)</i>	8 10.00
Molecular Microbiology <i>(M. Sacco)</i>	9 10.00
Structural analysis of Biomolecules <i>(R. Fattorusso - L. Russo – R. Iacovino – S. Salvestrini)</i>	12 14.30
Molecular bases of Cell Function: methodological aspects and biomedical perspectives <i>(Docenti CNR)</i>	9 14.30
Laboratory of Molecular Biology <i>(N. Potenza)</i>	13 10.00
Cellular and Molecular Neurobiology and Neuropathology <i>(L. Colucci)</i>	13 14.30

Second Year

Courses	April 8th-14th 2021
Day and time	
Human and Medical Genetics (<i>A. Riccio – V. Nigro</i>)	12 10.00
Molecular Pathology and Immunology (<i>M. Grieco</i>)	9 10.00
Pharmacotherapeutics and Biopharmaceuticals (<i>B. D'Agostino - E. Palazzo –C. Ferrajolo</i>)	8 10.00
Anatomic Pathology (<i>A. Baldi</i>)	14 10.00
Design and Synthesis of Bioactive Compound (<i>Luigi Vitagliano – Laura Zaccaro – Michele Saviano</i>)	13 10.00
